

Post Covid health charter

Show caves Managers' commitments

Protecting the natural environment and organizing secure cave tours for all has always been and will always be the priority and skills of managers of show caves. Show caves managers have over and over succeeded in making the underground environment safely accessible and by managing the visitors flows allowing the preservation of this fragile environment.

For these reasons, the show caves managers, members of ANECAT, commit themselves with confidence, to make accessible the underground world and allow to discover it by ensuring the safety of visitors and employees.

Commitment 1 : Ensure the application of directives and recommendations of public authorities through the designation of a safety referent responsible for defining preventive measures according to government measures, communicating them and ensuring their application.

Commitment 2 : Establish a specific health plan for the entire site relative to the protection of employees, visitors and subcontractors.

Commitment 3 : Establish training for employees on the measures to be followed and their application, including a specific training for employees in contact with the public.

Commitment 4 : Ensure the regular supply of the works position with Personal Protective Equipment according to the analysis carried out within the DUERP (document for the evaluation of professional risks).

Commitment 5 : Communicate on the sanitary measures and the conditions of reception, establish and to follow, on the website and on billboards posted on the whole site.

Commitment 6 : Provide at the entrance and exit of the site, in the common areas and shops, equipment allowing disinfection and / or hand washing.

Commitment 7 : Establish a traffic plan to ensure compliance with the minimum physical distance and to avoid or limit as much as possible crosses in waiting areas and also during tours (markings on the ground and signage). By precautionary principle, during all types of tours, wearing a mask and washing hands with soap or hydroalcoholic gel, available at the entrance of the visit, will be compulsory.

Commitment 8 : Implement specific disinfection actions with procedures that depend on the frequency and use of potentially contaminated.

Commitment 9 : Establish a document to monitor the cleaning of common areas (sanitary facilities, changing rooms, etc.) and post billboard at the entrance reminding the and barrier measures.

Commitment 10 : Prefer contact-less payments using a CB card. When possible, encourage booking online or by phone to manage attendance, reception capacity and waiting areas.

Commitment 11 : Place billboards and signages to enforce compliance barrier gestures and rules of social distancing around the benches (on parking lots and on site), tables, seats, playground, picnic areas, etc.

Commitment 12 : Regulate the entrances according to the surface of the annexed spaces (shops, museum, interpretation space, etc.). Manage the waiting area by respecting the rules of distancing and adapt the sale of products to meet the requirements of prevention measures and barrier measures.

Commitment 13 : Adapt the entertainment program and the opening of services and facilities to health requirements and government decisions.

Commitment 14 : Bar / snack / catering area: apply the national requirements defined for catering.
